- Rodrigo Fernando Henriques Sobral
- 24 years old
- CERN - System Administrator
- MSc Cybersecurity
- 3.5+ years professional experience

Experience

- **2024**

  - January
    - **System Administrator** at **CERN**.
    - Tech: Python, Jupyter, Bash, Docker, Helm, Kubernetes, ArgoCD

- **2022**

  - September
    - **Back-end developer** at **UCNext**.
    - Tech: Python, Bash, Redis, PostgreSQL, Grafana, AWS S3, SAP
  - June
    - **Private Tutor** through **Superprof** platform.
    - Tech: Python, Javascript, Networking
  - April
    - **Analyst developer** at **Project Box** (first job).
    - Tech: Python, Bash, Redis, PostgreSQL

- **2020**

  - August
    - Summer Internship at **Critical Software**.
    - Tech: Java, Springboot

Education

- **2023**

  - Successfully completed **Master's Degree in Cybersecurity**.
    - Thesis: **Analysis of user behavioral patterns in cybersecurity**.
    - Topics: Security Auditing, Secure Software and Infrastructures, Risk Assessment and Management, Privacy, Mobile Communications, Cryptography, Law, etc

- **2021**
  - ◦ September
    - ■ **Master's Degree in Cybersecurity** at University of Coimbra.
  - ◦ June
    - ■ Successfully completed **Bachelor's Degree in Computer Science**.
    - ■ Topics: Compilers, Databases, Algorithms, Graphical Computation, AI, Distributed Systems, OS, Network Protocols, etc
  - ◦ January
    - ■ CTF exercises at **TryHackMe** (offensive security training).
    - ■ Topics: Pentesting, Kill Chain, MITRE ATT&CK, Exploitation, Malware Analysis, OSINT, etc

- **2018**
  - ◦ September
    - ■ **Bachelor's Degree in Computer Science** at University of Coimbra.

Languages

EN (Fluent) PT (Fluent) ES (Intermediate) DE (Basic) FR (Basic)

Certifications

- CKA: Certified Kubernetes Administrator
- Junior Cybersecurity Analyst Career Path
- Ethical Hacker
- Many others

Projects

- TugaCoin
  - ◦ Tech: NodeJS, Bootstrap
- Ethereum Todo List
  - ◦ Tech: NodeJS, Bootstrap, Metamask, Solidity
- Scheduler Bot
  - ◦ Tech: Python, Bash, Prisma
- Automated Classes
  - ◦ Tech: Python, Bash, Selenium
