

- Rodrigo Fernando Henriques Sobral
- 25 years old
- CERN - DevOps Engineer
- MSc Cybersecurity
- 3.5+ years of professional experience

---

## Experience

- **DevOps Engineer** at [CERN](#) (Jan 2024 - Present)
  - **Tech:** Python, Jupyter, Bash, Docker, Helm, Kubernetes, ArgoCD, Grafana
- **Back-end Developer** at [UCNext](#) (Sep 2022 - Jan 2024)
  - **Tech:** Python, Bash, Redis, PostgreSQL, Grafana, AWS S3, SAP
- **Private Tutor** at [Superprof](#) (Jun 2022 - Sep 2022)
  - **Topics:** Python, Javascript, Networking, Algorithms, Databases, Data Structures, Operating Systems
- **Analyst Developer** at [Project Box](#) (Apr 2022 - Jun 2022)
  - **Tech:** Python, Bash, Redis, PostgreSQL
- **Summer Intern** at [Critical Software](#) (Aug 2020)
  - **Tech:** Java, Springboot

---

## Education

- Master's Degree in **Cybersecurity** at University of Coimbra (2023)
  - **Thesis:** Analysis of user behavioral patterns in cybersecurity.
  - **Topics:** Security Auditing, Secure Software and Infrastructures, Risk Assessment and Management, Privacy, Mobile Communications, Cryptography, Law, etc
- Bachelor's Degree in **Computer Science** at University of Coimbra (2021)
  - **Topics:** Compilers, Databases, Algorithms, Graphical Computation, AI, Distributed Systems, OS, Network Protocols, etc
- CTF exercises at [TryHackMe](#) (offensive security training, since 2019).
  - **Topics:** Pentesting, Kill Chain, MITRE ATT&CK, Exploitation, Malware Analysis, OSINT, etc

---

## Languages

EN (Fluent) PT (Fluent) ES (Intermediate) FR (Basic) DE (Basic)
